PROJECTS

Auditorium Booking Management

- Designed to streamline the reservation process, the system effectively managed bookings, reduced scheduling conflicts, and enhanced overall operational efficiency.
- Utilized Frameworks, resulting in a user-friendly interface and improved accessibility.
- The successful deployment of this project significantly optimized resource utilization within the auditorium facility.
- Wrote queries for the DB management for Admin and User panels.

Eco Cycle

- Conceptualized and implemented EcoCycle, a groundbreaking service connecting plastic users with recyclers.
- This innovative platform facilitates a sustainable ecosystem where providers earn by submitting plastic, delivery agents efficiently transport materials, and recyclers benefit from a consistent supply.
- Through seamless coordination and leveraging cutting-edge technology, EcoCycle transforms plastic waste into a lucrative opportunity for all stakeholders.

One.X

- Designed and developed a e-Learning website for the startup ONE.X (pronounced as ONE DOT X).
- Leveraging modern web technologies, the site features an intuitive user interface, showcasing the company's products/services with clarity.
- Implemented responsive design principles for optimal viewing across various devices, contributing to a compelling online presence for the startup.

ACHIEVEMENTS

- Secured 1st in Coding Quiz and Technical Quiz by INFOGEN-XT
- Secured 1st in Project Exhibition by INFOGEN-XT
- Secured 2nd in Web Design at Intra departmental event.
- Reached top 5% in Web Design event by Unstop & NITT
- Received a swag from Google Cloud Community for the performance in Arcade Contest
- Secured 1st on content creation under the domain Cloud computing and Web 3.0
- President of De-Port Club for Web Development & UX/UI Designing
- Core Team Member of Google Developer Student Club - PSNA (Chapter 2023-24) , Designing & Promotional Crew Member
